## POLMLEK GROUP

**Polmlek Group** - is the largest private dairy company in Poland with 100% Polish capital. It has been successfully implementing its strategy for almost **30 years** and is gaining more and more market share, especially thanks to canvassings. **15 production plants**, many warehouse spaces, **5.000 qualified employees**, unique recipes, modern technologies, good logistics facilities - this is how the Polmlek Group can be briefly described.

On 1 October 2015, Polmlek Group expanded its product portfolio by adding juices, nectars and soft drinks under the well known Polish brands: **Fortuna**, Garden, Pysio and Sonda. In April 2019 Polmlek Group took over **Lacpol** with their production plants. In 2022, three plants joined the Polmlek Group - **CEKO** in Goliszew, **JAGR** in Warlubie and **JIBAL** in Morocco. Africa is the fastest-growing market currently.

Polmlek Group buys **4.500.000 litres** of milk from Polish farmers everyday while continuously looking for new suppliers able to offer competitive terms of cooperation.

Polmlek Group offers a wide range of dairy products: Dutch and Swiss type cheeses, mozzarella, cheese spreads, curd cheeses, creams, yoghurts, butters, UHT milk, powdered milk and other.
